ONLY A BOY. Only a buy, with his noise and fun, The veries' mystery under the sun: As brimful of mischief, and wit, and gloc, As ever a buman frame can be, And as hard to manage as-what!-ah me! Tis hard to tell. Yet we love him well.

Only a boy with his fearful treaf, Who cannot be driven, ber must be led:
Who troubles the neighbors' dops and cals,
And tears more clothes, and spoils more bats,
Lesses more kites, and tops, and bats. Than would stock a store, FOR B. FUNT OF MOTE:

Only a boy, with his wild, strange ways, With his bile hours on his busy days; With his queer remarks and his odd replies Rometimes foolish and sometimes wise, Often brilliant for one of his size, As a meteor hurled From the planet world.

Only a boy, who will be a man, If nature goes on with her first great plan; If water, or fire, or some brutal snare Conspire not to rob us of our heir, Our blessing, our trouble, our rest, our care, Our torment, our joy! "Only a boy."

But my objeckt in these fu preliminus remarks iz tew git a good chance to tell what I know about "Jersey lightning," (one ov alchohol's imps!) as a manufaktring and metaphisikal

agent.

Jersey lightning iz cider brandy, three hours' old, still-born, and quicker than a fiash. This juice iz drunk raw by all the old sports, and necker a presentation will pay for the New York WEEKLY DOLLAR SUN from now to January three hours' old, still-born, and quicker than a fiash. Three tan a man's interior in six months, so that he kan swallow a live sixfooted krab, feet fust, and not waste

It don't fat a man (cider brandy don't) like whiskee duz, but puckers him up like fried potatoze. If a man kan survive the first three years of Jersey lightning, he iz safe then for the next 76 years tew cum, and keeps looking every day more like a three year old red pepper pod, hot-ter and hotter. An old cider brandy drinker will steam, in a sudden shower of rain, like a pile ov stable manure, and his breath smells like tors is sent grates.

MUNN & CO., 37 Park Row, New York, When Jersey lightning is fus

The fust horn a man takes ov this licker will make him think that he swallowed a gas-light, and he will go out behind the barn and try tew die, but kant. The eyes ov an old cider brandist look like deep gashes kut intu a ripe tomato, hiz noze is the komplexshun of ov a half biled lobster, and the grizzle in his gullet sticks out like an elbow in a a tin fender.

The more villainous the drink the more inveterate are those who drink it. I kant tell yer whether ciderbrandee will shorten an old sucker's days or not, for they generally outlive all the rest of the nabors, and diejust as soon as the old tavern stand changes hands and is opened on temperance principals. One bottle of sassaparilla or ginger popp iz as a rifle ball iz to a bed bugg.

I would do almoste ennything but murder tew save a young man from Jersey lightning, but trying to save an old one iz like trieing tew put the fire out ov a holler log; you might az well let it burn up, for the ashes is worth more than the log.
